WILSON AND THE CURRENCY ISSUE

Would Hasten the Discussion by Congress of The Measure.

OPPOSES ANY DELAY.

Expresses Hope That Bill Will Reach House and be Disposed of at Present Session.

ashington May 29.—President Wilson and the congressional leaders who will have charge of the currency bill when it is placed before Congress are hastening consideratio nof the subject so that there shall be no delay in taking up the measure when the House is ready for it. Congressman Carter Glass, who will be chairman of the House Banking and Currency Committee has rewritten section of tentative draft he had placed before the President, the draft of the bill is believed now to be near final completion, unless differences should develope in further conferences.

The President has repeatedly expressed the hope that the bill might reach the house early enough to insure passage before the close of the special session. The President has no hopes of pushing the bill through the Senate at this session, owing to the slow progress of the tariff bill. The delay wil larise from the action of the Senate committee in sending out a long list of questions to bankers will add to the improbability of Senate action this season.

The Senate Finance Committee has encountered delay in consideration of the tariff bill owing to the necessity of taking action on items in the bill objected to be Germany and France. The State Department has received protests from representatives of these two nations to the clause in the Underwood bill which provides a 5 per cent drawback on imports brought to American shores in ships of American rigester. France and Germany object to this as a violation of existing treaties.

Conferences between Senator Simmons chairman of the senate finance committee and John Bassett Mooer counselor of the State Department, are expected to straighten out the international legal question, and to determine whether amendment of the bill to meet the wishes of the foreign governments will be necessary.

Is Dragged And Crushed by Wheels—May Recover.

Richmond, May 29.—While playing in the street last night about 9 o'clock wih several other boys, Robert Daffron, of 1502 Porter street, was caught under the wheels of a northbound Hull street car of the Virginia Railway and Power Company at Fourteenth street, south Richmond, and very badly injured. Although witnesses exonerated the car crew from blame, Motorman H. L. Ladd, of 128 East Eighteenth St., and Conductor P. T. Barbee, were placed under arrest.

According to hose who saw the accident, it was unavoidable, the shouts of the boys at play drowning the noise of the approaching car. Without warning, the little Daffron boy leaped in front of he car, which fortunately, was not moving at a rapid rate of speed, and was flung to the ground under the ender. He felt squarely between the rails thus escaping the heavy wheels, but was dragged and crushed by the car trucks. His right arm was broken in several places and his scalp cut in ugly wounds, but at the Johnston-Willis Hospial, where he was rushed after the accident, it was said that the hurts are not thought to be fatal.

Burnham, whose name was mentioned in a note left by Mrs. Gebhardt beore she committed suicide, made a statement through a Minneapolis attorney, in which he said that Mrs. Gebhardt and he were to have been married and that she came to Minneapolis where the wedding was to have taken place.

Political conventions for the purpose of nominating candidates for President and Vice President, the electoral college and long ballots will be a thing of the past if the plan now under consideration at the White House comes to a successful conclusion. President Wilson yesterday told Representative Britten, of Chicago, that he is opposed to the nomination of candidates for the two highest places in the gift of the people by party conventions and that he thought those meetings should be solely for the purpose of building a platform. The nominations of the President and Vice President, the present Chief Executive thinks, should be through a system of direct primaries, such as were provided for Senators in the last amendment to the Constitution recently ratified. The President also thinks direct elections for all high government offices would be an excellent thing.

WANTS NATIONAL WAGE COMMISSION

Extraordinay Proposal Is About to be Introduced In Congress.

TO FIX MINIMUM WAGE.

Illinoisan Patron of Bill, Gives His Views and Hopes for Improved Conditions.

Washington, May 29.—One of the most revolutionary proposals that has ever been submitted to Congress, whose operation, if the bill is enacted into law, probably would effect vast changes in the nation's economics, is that advanced by Senator Jas. Hamilton Lewis, of Illinois, for a national wage commission. Fixation of a minimum wage for every worker is the ultimate purpose of the measure. Senator Lewis explains his bill:

"I wish to leave free all persons to make their own contracts, but not in matters of interstate character, railroad transportation, railways or other institutions. I wish to assure that no person shall be forced to live at a wage less than that upon which the human being can exist, consistent with the status of life necessary to be occupied in connection with the part undertaken.

"It is my purpose to have established under this government some forum in which the least citizen may feel that he does not need to resort to lawlessnes sto maintain his citizenship and his rights. I wish to establish in the hearts of the citizens a confidence that there is a court to which they may go in peace with assurance that they will obtain equity and be backed by public opinion whenever the facts of their rights are known. In this way strikes will be avoided riots and lawnessnes provided against, patriotism inspired in the citizens and peace be the uniform enjoyment of all communities."

Chicago, May 29.—Luther McCarty, the heavyweight boxer killed in his fight with Arthur Pelky at Calgary, on Saturday night, left an estate worth $30,000, according to the estimate yesterday of Attorney, V. R. lovell, of Fargo, N. D., who came here in the interest of the fighter's widow.

The lawyer believes that McCarty made $100,000 from his fights on the Pacific Coast, and in the East and his stage appearances in the last 18 months. He understands that McCarty was under contract with Billy McCartney, his manager, who received in the neighborhood of one-third of the fighter's earnings.

"McCarty spent considerable traveling and living, and I don't think there is much more than $30,000 left," said the lawer. "This belongs to the widow and the fatherless daughter he has been caring for in Fargo the last two years. Mrs. McCarty still works in a restaurant there.. So far as we know McCarty didn't leave a will."

CHARGES AGAINST COL. ROOSEVELT

Former President Pleased With Witnesses on the Stand.

"MY INTIMATES HERE."

Jokes Over His Troubles—Shot, Wedding in Family and Legal Troubles All in One Year.

Marquette ,Mich., May 29.—Another newspaper friend of Col. Roosevelt, C. W. Thompson ,of New York, was called as the first witness in the Colonel's libel suit today.

"That paper said all my intimates knew about my habits, and now I've got 'em here, by George", said Roosevelt with delight as he viewed the procession of reporters and ex-ambassadors and former cabinet members as it wended its way from the house where he and his witnesses are staying.

Roosevelt has remained in a state of glee, and the teeth that are the cartoonists' joy have been much in evidence since he first left the stand and began hearing his friends who succeeded him telling what they knew about his sobriety.

"But' 'said he, "it's tough when a man gets that up,and has a wedding in his family, and goes into a libel suit al lin one year. That bullet in Milwaukee cost me about $3,000, and the wedding cost about the same and I don't know how much I am going to have to pay out on score of this suit."

OUTBREAK IMMINENT.

Hostilities Between Bulgaria and Servia Expected Today.

The military circles of the Bulgarian capital expect an almost immediat outbreak of hostilities beteewn Bulgaria and Servia.

Bulgaria has addressed a note to the European powers offering to submit to their decisian the question of the future of Salonika, according to the Reichpost today.

The most severe tension still exists between the Gren an dthe Bulgarian armies facing each other some distance north of Salonika. Several clashes, during which shots were exchanges have occurred. The Greeks accuse the Bulgarians of assuming the aggressive.

In spite of the declaration made at the Bulgarian capital that the Bulgarian troops have been ordered to observe a moderate attitude and to avoid conflicts with the Greeks, the Bulgarian commanders apparently are preparing to attack Elfthria, with a view to gaining complete occupation of the dominant position of Mount Phangaion They have already placed two guns on the crests of the hills to the southeast of Prava, commanding Elftheria. The Bulgarian troops have also occupied the heights commanding the village of Bujuktu,to the north of Lake Dorian, and town of the same name, which is occupied by the Greeks.

It is the belief of the Greek generals that Bulgarians are systematically creating incidents and endeavoring to drive the Greeks toward the sea and seize the position vacated by them

GRAND LODGE K. P. ELECTS OFFICERS

Movement to Induce Grand Lodge to Meet in Alexandria Next Year.

PARADE HERE FEB. 14.

First Lodge Organized in Phoenix Hall Alexandria Shortly After the Close of the Civil War.

Norfolk, Va., May 29.—With the selection of a place for holding the 1914 convention undecided, the Grand Lodge, Knights of Pythias of Virginia, elected officers yesterday, and will tackle the other question today. The officers elected are:

J. W. Baer, of Clifton Forge, grand chancellor.

William McK. Woodhouse, of Norfolk, vice-grand chancellor.

James Bailey, of Richmond, master of exchequer.

Rev. I. E. Scott, of Warm Springs, prelate.

R. H. Bell, of Staunton, master at arms.

Rev . J. C. Holland, of Danville, outer guard.

H. M. Darnall, of Roanoke, keeper of records and seal.

Judge D. C. Richardson, of Richmond, supreme representative; M. S. Walton, of Woodstock, alternate.

Lynchburg and Alexandria are making a hard fight for the 1914 convention. Alexandria wants to change the date of holding the convention from May to February. There is to be a big celebration in Alexandria on February 14th, in honor of the founding of the order of Knights of Pythias. The first lodge of the order in Virginia was organized in that city about fifty years ago.

Lynchburg, however, appears to stand the best chance of securing the annual convention next year. It will be necessary to change the constitution o fthe order to meet in Alexandria in February, and a number of members are opposed to this.

A resolution to increase the per capita from 60 to 80 cents per annum was defeated, after a spirited discussion during the morning session. Another resolution that is expected to cause lengthy discussion will be introduced today. This will provide for the basing of representation in grand lodge by subordinate lodges according to membership.

At the concluding session of the annual convention of the Grand Temple, Pythian Sisters of Virginia, yesterday afternoon Mrs. Annie Perry, of Fredericksburg, was elected grand chief, succeeding Mrs. Elsie Vandervort, of Washingon, D. VIRGINIAN FOR JUDGESHIP

Congressman Carlin Thinks State Will Be Favored in Judicial Appointment

"It's an ill wind that blows nobody good." This old saying was never better illustrated than in the case of the pending appointment of a judge for the Fourth Circuit bench, to succeed Judge Nathan Goff of West Virginia, now asenater from that State.

About the time it was believed that Virginia lawyers were out of the running for the new judgeship to be created under the Chilton bill or the amendment to the Palmer bill, both of which are now pending in Congress, came the information from a member of the Virginia delegation in Congress today that Virginia probably will get the new judge just as soon as the bill now going through the legislative mill is passed and signed by the President. Not only this, but it was said by a member of Congress who is high in authority that President Wilson probably will be able to give his first real big appointment in the judicial line to a Virginian when he names one of the many lawyers of that state for the new judgeship.

"I feel confident that when we get this bill through both the House and Senate," said Congressman Carlin a member of the house judiciary committee and a man who stands high in the councils of his party in Washington "you will find that a Virginian will be selected for the place. The mistake that has been made of bringing out too many candidates probably will not be repeated. On the contrary, it is quite probable, at least, I hope,so that the leading lawyers of Virginia will get together and agree upon some one man for the place, then all that will be necessary will be a good strong pull altogether, with every shoulder to the wheel. That odne I feel satisfied that under all the existing conditions the President will accede to the wishes of the different bar associations of the Old Dominion and name a man from that state."

Mr. Carlin doubtless will get this bill through soon after the Judiciary Committee gets in working condition and the nit will be up to the lawyers of Virginia to become active in the interest of the most available man they can find from that state.

CLERGY FOR FIT MARRIAGES.

Episcopal Diocesan Council Would Require Health Certificates.

Lexington, Va., May 29.—Rev. Robert B. Nelson, of Blacksburg introduced a resolution yeserday afternoon at the Council of the Diocese of Southern Virginia, Protestant Episcopal Church, requiring a candidate for matrimony to present to the minister a certificate showing tha he is free from "communicable disease of immoral origin." Other churches were invited to join with the Episcopal Church and all ministers were urged to seek the co-operation of physicians in educating the public to the importance of this question.

Dr. Reid, a member of the State Board of Health, was invited to present his views on the subject under discussion.

A memorial was adopted, offered by Rev. Dr. J. Cleveland Hall, opposing the change of name of the Protesant Episcopal Chruch in the United States of America.

At last night's session the subject of diocesan missions was discussed and several matters of business also disposed of. The delegates in invitation of General Nichols, witnessed the evolutions of he cadets of he Virginia Institute.

SITE INSPECTED.

Officers Pleased With Property Near Staunton.

Staunton, Va., May 29.—The military board and United States Army officers yesterday inspected the Montgomery hall property for use for the encampment of the militia, and were greatly pleased with it, as it is an an ideal location on the outskirts of Staunton, on the Chesapeake and Ohio R. R., wih city water, electric lights and street cars. The space necessary for a brigade camp, 900 by 300 feet, is available, with drill grounds. It is a handsome Colonial estate, owned by Bates Warren, of Washington city, formerly the home of the Peytons. The city of Staunton is ready to pledge a suitable place for the camp, if the board will agree to bring the camp here.

The Norfolk and Southern has failed to accede to the terms of the board, claiming it will cost the road to lay a spur rack not less than $4,-000. If the road holds out the chances seem favorable for bringing the camp to the mountains to Staunton.

The National Guard Officers took a half holiday yesterday and proceeded by special train to inspect the Virginia Military Institute.

The failure of any of the solons to attend the rally has resulted in general public criticism, as an improved health department for Newpor News has been strongly agitated by the business men and citizens generally for the past two years. CLERK PERPLEXED.

Would-be Bride's Father Under Sentence of Death.

Richmond, Va., May 29. — Three young men came into the clerk's office of the Husting's Court yesterday and one said that a marriage license was desired.

"What name?" asked Clerk Breeden.

"Lee Coleman."

"Age?"

"Nineteen."

"Parents living?"

"No."

"Young lady's name."

"Flossie Carter."

"Age."

"Seventeen."

"Parents living?"

"Her father is living," replied the young man who had answered the questions in a low voice.

"You will have to get her father's consent, "said Mr. Breeden.

"I don't know whether I can" replied the young man. "He is in Henrico county jail under sentence of death by electrocution June 13 for killing the girl's mother."

Clerk William Breeden was perplexed. In the eyes of the law the man was already dead, yet he was living and in all his experience the asssistant clerk of the Hustings Court had never come across a similar case. Judge Richardson being out of the city clerk Walter Christain being absent he placed the matter before Judge Moncure.

The latter who is acting judge of the Hustings Court in the absence of Judge Richradson, said that the law did not treat of such a case but that, in his opinion, a guardian would have to be appointed, if only for the few minutes that the ceremony would take, before the license could be ssued. He asked that security of $100 be furnished.

This the prospective bridegroom and his companions could not give at the time, and so the matter of issuing the marriage license was postponed until this could be arranged.

One of the newspaper men there at the time suggested that "Parson Mike" Macon furnish the bond as guardian, as the bride would cease to be a minor in the eyes of the law as soon as she was wedded. This idea seemed to appeal to the bridegroom and, with the assistance of Clerk Breeden he proceeded to carry it out and the pair will be married tomorrow at 10 o'clock.

Coleman is a dairy farm hand, employed by John Shearn, and lives at 603 Nicholson St., where Miss Carter lives with her older sisters, Miss Inez Carter and Miss Eunice Carter. They are all employed in a cigar factory.

Their father, Nelson Carter, killed his wife at their home in Spottsylvania county about five months ago. He is now in the death cell at the penitentiary, but an appeal is pending before the Supreme Court.

There was murch evidence in Tokyo yesterday that the opposition party in Japan is using the California alien-land bill in an attempt to dicredit the Yamamoto ministry and hereby further its own ends. The executive committee of former Premier Count Katsura's party, the opposition facion, has passed a resolution, in which it was asserted that the cabinet, headed by Count Gombei Yamamoto, could not be relied upon to settle the California question. It was staed after a conference had been held with Count Katsura, who at present is convalescing from his recent illness, that the opposition party must adopt is own propaganda with regard to the dispute.

HOW FREDERICKSBURG DOES SOME THINGS.

We must take off hats to Fredericksburg for the splendid spirit of co-operation which her business men are showing in assisting the location of industries and boosting the thriving little city on the Rappahannock. To give the Alexandria people an idea of what they are doing in Fredericksburg and in the hope that some sort of spirit may develop here, we publish the following news article from the Free Lance of that city:

"At the Business Men's Club Monday evening at 8 o'clock, a more than representative gathering of the business men of Fredericksburg was present at the organization of the Fredericksburg Hotel Co., which has for its object the building of a new, modern and up-to-date hotel in Fredericksburg.

"The large audience was enthused with the one idea and purpose of advancing the interests of Fredericksburg and showed by an early vote that they were not present for anything but to get together for the advancement of the city. Questions arising which would naturally lead to differences of opinion, were adjusted in friendly discussions without acrimony, which presages the future good of the city.

"Over $30,000 had been subscribed for the hotel and this amount was increased during the evening and it is confidently expected that by the time construction work shall have been begun the company will have over $40-000 in cash for its purposes.

"The plans for the proposed new hotel, as prepared by Mr. Phillip N. Stern, were tacked up on the wall of the room and were inspected with a great deal of interest by the gentlemen present. It was stated at the meeting that the board of directors would meet sime time this week to perfect their organization and take active steps towards adopting plans, choosing the site and advertising for bids for the construction of the hotel.

"The same spirit manifested at the organization of the Fredericksburg Shoe Company, to-wit: That it would pay to invest money in Fredericksburg an dthe determination to quit "knocking and start boosting" was the keynote of the meeting.

MILITARISM THE BURDEN OF NATIONS.

Dr. Thomas E. Green in a speech at the St. Louis Peace Conference recently said:

Militarism is the burden of the nations. Japan—poor bankrupt broken, impoverished Japan! She is the logical end of the whole delusion. Fifty million industrious, economic, patriotic people, without national resource, figuring income and expenses to the last penny; halving each pitiful coin in willingly borne taxation—85 per cent of Japan's income is derived from taxation—she has nothing else. It means that her people must give each year an average of 25 per cent. of all they earn to pay Japan's penalty for following her "great ally" in the race of mad militiarism.

The cost of militiarism is enormous, and when little nations attempt to ape the larger they place themseuves in the position of the frog in the fable which supposed it could swell itself into proportions of the ox. It bunst in the effort.

The enormous expenditure incident to keeping up the military establishments of Germany and France is taxing the people of those countries almost beyond endurance, and it is said that 60 per cent of income of the income of the United States is spent in armaments.

While the war between Russia and Japan was in progress a writer in speaking of the grea tstrain upon the island kingdom told of effect it was having upon the little island nation. He observed that when a dreadnaught passed the long-suffering Japanese was thrown into a soliloquy when he considered how many rice fields were necessary to pay for that engine of destruction.

We are told that the time will come when nations shall learn war no more —when they shall have beaten their swords into plow shares and their spears into pruning hooks. Could the enormus sums spent in keeping up a modern navy be used in internal improvements in the way of canals, trans-continental roads, etc., how much better conditions would prevail.

Another death from bichloride of mercury, taken in mistake for headache tablets, occurred in Philadelphia yesterdoay. The victim, Mrs. Louise Zimmerman, 25 years old, took the poison 11 days ago. She quickly discovered her mistake, a physician was summoned and she was removed to a hospital. Until Thursday Mrs. Zimmerman felt confident that she would recover, and in discussing the death of B. Sanders Walker at Macon, Ga., said to her husband: "I ought to ge well; I took such a small dos:" Her temperature and pulse were normal until shortly before her death, when she complained as though she felt paralyzed. Physicians at the hospital entertained hopes of effecting a cure and say the fact that the woman lived for 11 days is remarkable.

ANTIDOTE FOR DRINK.

Consuelo of Marlborough Gives Advice to Mothers.

London, May 29.—"I believe a dinner well cooked is a better antidote to drink than any possible legislation."

Her Grace who was Consuelo Vanderbilt, made a brief address at the annual meeting of St. Pancras School for mothers. She added:

"The mothers of this generation left school with little knowledge of hygiene or of domestic science. So they are incapable of raising children properly, or of cooking a wholesome meal. I hope we will see soon a system of schools for mothers established that will insure a higher standard of health for the coming generation."

FELT BAD ALL THE TIME
Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die.

At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well.

I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health.

As a remedy for woman's ills, it has a successful record of over 50 years.

Your druggist sells it. Please try it

NECKBANDS OF RIBBON

DECORATED WITH MOCK JEWELS, THEY ARE MOST EFFECTIVE.

With Cheap but Carefully Selected Stones a Perfect Imitation of the More Costly Ornaments May Well Be Achieved.

Neckbands of velvet ribbon on which are sewed rhinestones, crystal or jet beads are easily made and very effective.

The popular width for neck velvets this season is an inch or a trifle more and where the rhinestones are sewed on to simulate slides the inner side of the velvet ribbon is stiffened slightly with a piece of satin covered collar bone. In making such a neckband measure off an inch and a half on each side of the front and at this point sew a closely set row of tiny brilliants, which cost as little as ten cents a dozen. So placed and well stiffened underneath these simulate the jeweled slides of the more expensive neckbands.

This leaves a center space of three inches for special decoration. A good way is to festoon, from one upright to the other, three or four strings of small beads, letting the lower string droop below the line of the velvet band. Another easy decoration is to use a single string of beads for the the festoon and in the middle attach a small pendant. A single pear shaped mock pearl is good for this purpose and so are many of the inexpensive pendants of mock jewels.

Hand made pendants are easily fashioned by covering with black velvet two circles of cardboard of about the thickness of a visiting card. Sew them together with a neat over and over stitch, drawing the sewing silk tight enough to sink into the pile of the velvet. If pearl beads have been used for the neckband sew small pearls at intervals around this velvet circle, threading the beads so that they shall lie out from the circle like a little frame. Have a center formed of a jet or pearl cabochon with three or more radiating lines of small beads.

Such a finish for a velvet neckband may be varied almost indefinitely and the size may range up to the dimensions of the popular enamel lockets. Even with a neckband of black the pendant may be of any bright color with an encircling row of jet beads and a center ornament of jet and rhinestones.

Neckbands of folded black malines are a novelty and are easily made along the same lines as the band of velvet except that the rhinestones or pearls used to simulate slides should be sewed to a background of the narrowest of satin or velvet ribbon and the necessary boning placed on the inner side.

CARRYING SMALL PACKAGES

(Photo. by Underwood & Underwood, N. Y.)

For the convenience of the woman shopper a bag of immense proportions has been designed, for carrying small parcels. It is of gold embroidered cloth, with shades of old blue, and can be carried with ease by a long silk cord slung over the shoulder. The bag has met with instant popularity by New York shoppers.

No Place for Hairpins.

In Farm and fireside, a telephone expert, writing an article on the construction and use of telephones in rural districts, says:

"Don't use the instrument for a shelf, and above all don't put hairpins or other metals on top of it. I have more than once driven along road in winter to pick a hairpin or a handful of them off an instrument which they were short circuiting out of business."

Studebaker

"That's the sixth Studebaker we've passed—the only kind to invest in"

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation now-a-days without delivering the goods. A Studebaker wagon has the *best* in it. That's why a man gets the *most* out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."

Clergyman's Son Had Tuberculosis; Now Well

People who have Consumption are often filled with bright hopes of recovery, only to realize that improvement is but temporary. Consumption is dreaded by everyone. Those who had it and used Eckman's Alterative can testify to its beneficial effects. No one need doubt it—there is plenty of evidence from live witnesses. Investigate the following:—

Amenia, N. Y.

"Gentlemen: Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with Latirippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 135 to 135 pounds. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative."

(Signed) E. H. COWLES.

"Gentlemen: I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life. I wish to add my endorsement to every word of his testimonial."

(Signed) REV. J. J. COWLES,
Pastor Presbyterian Church.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

AVERTED JAP WAR.

Newspaper Man Gives Colonel Credit For Awing Orient.

Marquette, Mich., May 29.—That there was grave danger of a war with Japan during the administration of Theodore Roosevelt as President and that the chief executive met the danger and averted war by sending a fleet around the world was the statement yesterday of John Callan O'Loughlin, a newspaper correspondent in Washington, and a commissioner to the Tokyo Exposition appointed by President Roosevelt in the course of his examination while a witness on the stand for the ex-President in the latter's suit against Editor Newett.

"Did you seriously mean there was danger of war with Japan during Roosevelt's administration," asked Attorney Belden, who was cross-examing O'Loughlin.

"There was very serious danger," replied the witness. "Colonel Roosevelt met that danger. Obviously Japan would not start war with the fleet in Pacific waters. We settled the immigration question right then."

The witness emphasized the word "right."

MYSTERIOUS DEATHS.

Remains of Three Persons Found in Ruins of Building.

Atlanta, Ga., May 29.—Mystery surrounds the finding by neighbors early yesterday of two charred skeletons in the smoldering ashes of a house which had stood on the McDonough road, 2 miles from the Federal prison, and which had been occupied by Mrs. Sarah C. Stevens, her son, Wade, 17 years old, and her adopted daughter, Nellie, aged 15.

The three were seen at the house about dusk Tuesday, it is reported, but no one has been found who saw the house burn during the night. Mr. Stevens left Atlanta for Chattanooga Tuesday, to attend the reunion of the United Confederate Veterans.

Near the two charred skeletons were found the metal portions of a shotgun, including the barrels and lock. A local dentist declared one of the skeletons was that of Mrs. Stevens.

The other skeleton is believed by the authorities to be that of the daughter, as the bodies were found together, and it is said Mrs. Stevens and her daughter were accustomed to sleep in the same room. The girl was taken in infancy from an orphanage.

The coroner's jury late last night ordered the apprehension of Wade Stevens, son of the dead woman, pending further investigation.

TEACHER WINS SLANDER SUIT.

Farmer Agrees to Pay Miss Delota Banon $1,000.

Lynchburg, Va., May 29.—A slander suit has just been settled at Charlotte Courthouse by which D. Rice, a well-to-do farmer, agreed to pay $1,000 to Miss Deleta Banton, a pretty school teacher.

When the case was about to come to trial Tuesday, Rice, suffering from heart trouble, consented to a compromise verdict, although he gave out a statement denying that he had ever slandered the teacher.

Miss Banton lives in Appomatox county, but taught in Charlotte at the time of the alleged reflection upon her character by the aged farmer.

Farmer Hangs Himself.

Roanoke, May 29.—W. J. Millner, 60 year sold, a farmer living about two miles from Bedford City, killed himself early yesterday morning by hanging. Millner secured a rope, climbed into a cherry tree near his home tied the rope to a limb, then knoted it around his neck and jumped. He was found by members of his family. The unconscious man was taken down and lived 15 minutes. He is survived by a widow and six children.

Steamers Collide.

Heathsville, Va., May 29.—News has reached here of the collision of the fishing steamer Chesapeake of the Seaboard Oil and Guano Company, of Reedville, with the Rappahannock, of the Morris-Fisher Company, of Reedville. The Chesapeake ran into the Rappanhannock while she was lying at anchor. The Rappahannock was beached to prevent sinking.

By the end of 1914 France will have spent 270,000,000 in strengthening the national defenses, it was announced in the Senate yesterday by M. Gervans. This will be expended in battleship building, strengthening of frontier forts, augmentation of land forces and purchase of new style heavy ordnance. The air corps of the army will receive especial attention because of the constant extention of this branch of the United service by Germany.
